

High Efficacy 108 lumens/W

120-277V / 4000K

0-10V Dimmable

CW3 Series Commercial Wraparound

The CW3 Series Commercial Wraparound is a high-performing general indoor-use luminaire made for projects where budget is a priority. Designed to save energy and meet low light egress requirements, this fixture is perfect for a range of environments including offices, stairways and bathrooms.

A convenient 4' length lets you surface mount the fixture to replace most existing fluorescent fixture applications.

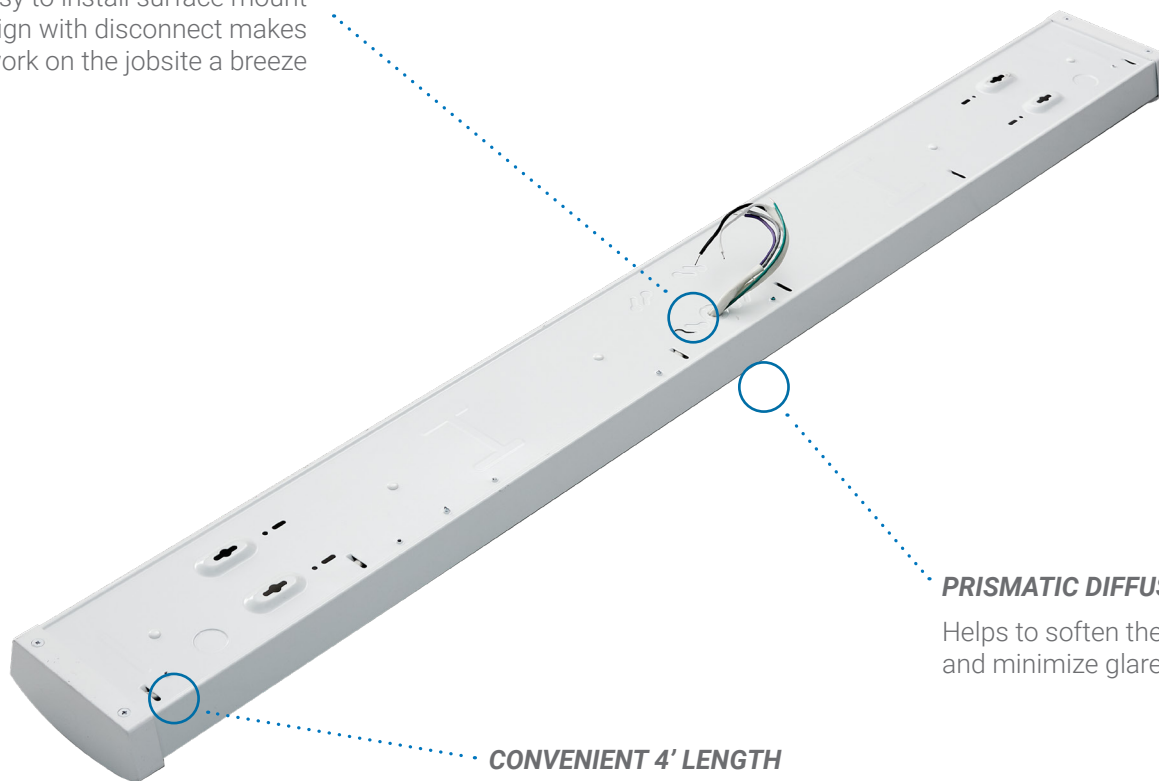

Key Features & Benefits

- A high efficacy, value commercial wrap offering 108 lumens/W
- A prismatic diffuser minimizes glare and visual fatigue
- Ready for 0-10V dimming, providing maximum control and energy savings
- Designed with the contractor in mind, enabling quick surface mount installs directly to the j-box
- Offered with a 5 year, worry-free warranty

WHY CHOOSE THIS FIXTURE?

DESIGNED FOR CONTRACTORS

Easy to install surface mount design with disconnect makes work on the jobsite a breeze

PRISMATIC DIFFUSER

Helps to soften the light and minimize glare

CONVENIENT 4' LENGTH

The convenient 4 foot length makes it a suitable replacement to cover over existing fluorescent fixture footprints
