

Power Selectable (80/65/50W & 30/20/12W)

CCT Selectable 3000K/4000K/5000K

Adjustable from 0°-90°

120-277V or 120-347V

WPA-Series LED Adjustable Wall Pack

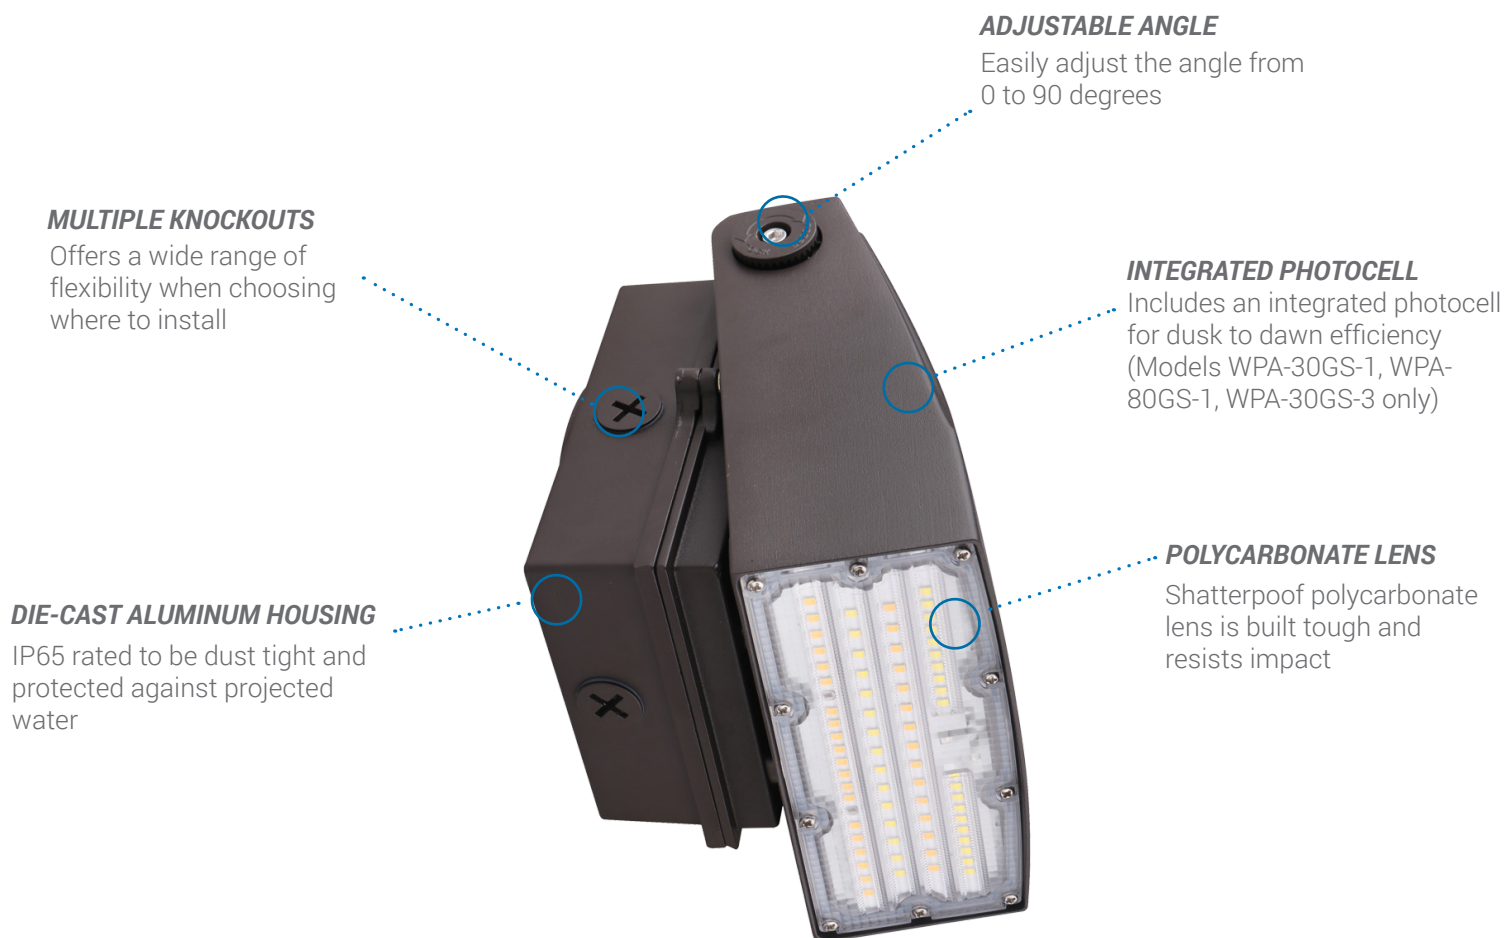

The WPA-Series Adjustable Wall Pack is a combination of exceptional value, contemporary design and flexible mounting options. These fixtures do more than your average wall pack: they can also be used as flood lights and pole mounted lights with the ability to adjust the angle anywhere from 0° to 90°, making them suitable for almost any application.

They are the ideal solution for replacing older high pressure sodium and metal halide wall packs found on building perimeters, exterior walls, parking lots, and walkways.

Key Features & Benefits

- Up to 155 lm/W
- Adjustable from 0 to 90 degrees to easily point light in the direction required
- Die-cast aluminum
- CCT selectable to easily change from 3000K, 4000K or 5000K
- Two power adjustable models: 80/65/50W and 30/20/12W.
- IP65 rated
- -40°F /-40°C minimum starting temperature
- Backed by a worry-free 10 year warranty
