Side Mount Brackets

Wall Mount Brackets

Tenon Adapters

# Light Pole Adapters & Brackets

## Key Features & Benefits

Our collection of Light Pole Adapters and Brackets are designed with quality in mind. The materials and manufacturing processes selected result in a commercial-grade product to exceed your project needs.

Offering a selection of tenon adapters and wall/ side mount brackets for today's most popular applications. These Light Pole Adapters and Brackets help to retrofit existing poles and provide versatility when planning new installs.

- Constructed from high grade steel to meet strict quality standards
- Tenon adapters designed for poles with open tops are a great alternative to replacing existing poles during a retrofit project
- Wall mount brackets provide an alternative when light is required on building perimeters and wall packs or when other wall-mounted fixtures just won't work
- Increase coverage and versatility with brackets that allow up to four fixtures to mount to a single pole
- All pole adapters and brackets come with a 1 year warranty

# A SOLUTION FOR ANY PROJECT

## WALL & SIDE MOUNT BRACKETS

Mount to either a wall or square pole, these brackets provide a horizontal tenon or a tenon spaced from the vertical surface to place a fixture exactly where you need to.

## POLE ADAPTERS

Slip fit over an existing or new pole to provide additional light fixture mounting points. Choose from inline tenon models with 2 or 3 tenons or a configuration with 4 tenons each at 90 degrees.
